We Capture Exclusive Photos

We design a unique overlay especially for you.

No other couple will have the same.

The overlay adjusts to your style and colour palette.

Our product comes as a beautiful full frame 6" x 4" photo with a stylish overlay with a personalised message or monogram.

The photos are printed on a premium satin finish photo paper.

Types of overlays

Part of what makes us different is the design freedom that we bring to each project.

We specialise in full frame 6" x 4" photos because we believe that people truly appreciate a large beautiful capture of themselves. They would proudly frame it at home or post it on Instagram.

Stunning Backdrops

Our backdrops are custom made using great quality materials.

Our tension backdrops from the **Classic Collection** are all unique, curated to compliment people's complexion as well as looking great from a distance. We select opaque satin weave with a shine to it printed with high definition and super defined bright colours.

Our **Deluxe Collection** includes great artificial greenery and florals to create epic compositions. We are proud of our Tropicana and Rosie backdrops, first in line for our Deluxe Collection. They are so irresistible they have become our best-seller backdrops.

Red Carpet Set Up

Show your guests how special they are to you!

Since a photo booth is there to elevate your event and impress your guests, why not choose it to look like a red carpet event? Let your guests fancy themselves like celebrities!

We had it custom made to fit our great quality lighting, a spectacular backdrop and we roll out the red carpet and rope stanchions for a sleek look.

Two Expert Operators

Why do we have more than one photo booth attendant?

The photo booth is always a success and quickly queues form. Guests want to have several rounds of photos alone and with friends and family.

We can guarantee a great service by having each attendant dedicated to smaller groups of guests: behind the camera and at the printing station.

Having two operators ensures the flow goes steady and we can give enough time and care to each guest.

Fully Managed Guest Book

We manage the guest book on the night so you can take a keepsake back home at the end of the event.

We print an extra copy of the guest's favourite photo to stick inside the guest book and invite the guest to write a lovely message.

You get to take the guest at the end of the night.

The Deluxe Package includes a complimentary guest book so you do not have to worry about it.

The Offer

We base our packages at 3 hours because that is the perfect amount of time to make a difference at any event and allow **for up to 150 guests** to enjoy several rounds in the photo booth.

Our prices reflect the time necessary for planning, designing, transporting, setting up and packing and the photography and printing services.

You get all the digitals sent to you after the event in only a couple of days.

Payment Terms

We ask for a £100 deposit to reserve your date.

Dates will not be held until we have received the deposit.

The balance is due 30 days before the date of the event.

We are open to discussing payment plans.

Our setting up requirements

Our services include the time to set up and pack up the photobooth along with the shooting time also called "active hire".

Space:

We need **4m x 4m minimum space on the floor** and standard ceiling height of 2.4m/ 8ft. (5m x 4m in the case of the Tropicana backdrop)

There must be enough space around to allow guests to enter and exit the booth without difficulty.

We need access to a standard power socket.

Set up time:

It normally takes us 3 hours to set up and 2 hours to pack up.

We finish setting up right before opening the photobooth.

Please let us know early on if setting up early is required as **we charge for idle hours.**

Ideal spot/room:

To be able to take quality shots, a darker space is necessary. When possible, avoid locations with direct sunlight exposure against the backdrop. Rooms like the Orangery or conservatories are to be considered with care.

We do not set up in wide open outdoor spaces.

Conditions

Sharing to phones via text and email

The sharing of digitals to phones via email and text message is dependent on the phone signal and the Internet Wifi in the room or location where the photo booth is set up.

We try our best to plan ahead for the coverage but we cannot guarantee instant sharing when the Internet provided at the venue is weak and the phone reception in the room or location is poor.

In extreme cases when there is not enough coverage, Email and SMS shares will queue and send out with a delay when there is a good internet/ phone connection.

Extra fee for location outside the 60 miles radius from Nottingham city

We are based in Nottingham city. This central location allows us to cover most areas in England and Wales.

Our basic price only includes travel from Nottingham city to a location within 60 miles radius. We charge an extra delivery fee that takes into account the transport, mileage, set up and pack up for locations outside the 60 miles radius from Nottingham city.
